### MILLIONS IN CHICAGO WAL KTO THEIR JOBS

(CONTINUED FROM PAGE ONE)

The strike was called after an all-day conference over the question of increased wages, which the men insisted must be guaranteed before arbitration could be considered. The railway company refused all demands. For four hours no cars moved. Then a South Side elevated train carrying but a few passengers made a round trip as a test.

As a result, it was announced that an attempt would be made to run the trains with strike breakers and guards every fifteen minutes.

The surface lines made no attempt to work.

It is reported that hundreds of strike breakers are being brought in from Cincinnati.

## MILLIONAIRE PROPOSES AN OSAGE HOME

### TULSA PHILANTHROPIST MAKES OFFER TO DEVOTE PROCEEDS OSAGE OIL

Washington, June 14.—Details of the proposition recently filed with the interior department to lease 100,000 acres of the holdings of T. N. Barnard in the Osage Nation by Charles Page, a millionaire oil operator of Tulsa, have just been made public. It is understood that Mr. Page has submitted a proposition to take over the 100,000 acres, which is part of the lease now held by the Indian Territory Illuminating Oil Co. in the eastern part of the Osage nation, and to turn over all the profits from any oil wells brought in on the land for the maintenance of Osage orphan children at the orphanage now maintained by Mr. Page at Sand Springs. In addition, it is understood that Mr. Page agrees to incorporate a company to handle the lease in the name of the orphanage and to erect a hospital at Sand Springs to care for sick and dependent Osages. It is said that Mr. Page, in case he should be granted the lease would accept no profits from the wells for his own personal use.

The Page proposition has apparently struck a responsive chord in the hearts of many Osages and in case the department refuses to consider the offer, it is thought the Osages may refuse to execute a new lease on the present Foster holdings.

Secretary of the Interior Lane and Indian Commissioner Sells are said to be in disagreement as to the necessity of the immediate employment of an Osage tribal attorney. According to trustworthy sources, Secretary Lane has told a committee of Osages that the services of an attorney were absolutely necessary and that the Osage council should be unhampered in choosing their own attorney. On the other hand, Commissioner Sells, it is said, told the members of the Osage council this week that the services of an attorney could be dispensed with. As a result of the attorneyship tangle, doubt is expressed over a speedy settlement of the lease renewal question in the Osage nation. The Osages have been without a tribal attorney for over a year owing to the inability of the Indians and the Indian office to agree to a successor to former Osage Attorney P. A. Shinn of Pawhuska. Both Shinn and Attorney Tom Lyons, of Tulsa, who has been mentioned in connection with the Osage attorneyship, are now in Washington and it is presumed pressing their claims for appointment.

## MEAT CAUSE OF KIDNEY TROUBLE

Take a glass of Sals if your Back hurts or Bladder bothers—Meat forms uric acid.

If you must have your meat every day, eat it, but flush your kidneys with Sals occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The uric gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's uric waste get four ounces of Jai Sals from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous Sals is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, to drain and stimulate the acids in uric, so it no longer irritates, thus ending bladder weakness.

Jai Sals is inexpensive; cannot injure, and makes a delightful effervescent little water drink.

## FROM OKLAHOMA BUT DIDN'T KNOW "BILL" MURRAY

### APPLICANT FOR LOAN LOST OUT AS A RESULT OF IGNORANCE

Washington, June 14.—"Pamphleters" who try to negotiate a "tough" loan from Congressman Jim McClintock of Oklahoma, had best familiarize themselves with Oklahoma political transactions, otherwise their efforts will be wasted.

A day or so ago a stranger breezed into Mr. McClintock's office in the house office building and begged the loan of \$10. He was not particular whether it was doled out in paper money or iron dollars—the principal thing being to get the money.

"Are you an Oklahoman?" asked the Seventh district congressman.

"Surest thing you know," retorted the stranger.

"Do you know Houston Teehee?" ventured McClintock.

"Never heard of him," was the pamphlet's laconic reply.

"Do you know Congressman Bill Murray?" said McClintock.

"I don't believe I ever heard of him either," said the unsuspecting stranger.

"Well, my friend, you have come to the wrong place to launch a tough loan," replied Oklahoma's baby congressman. "If there is anybody living in Oklahoma that has never heard of Bill Murray I have my doubt of the authenticity of your Oklahoma residence. Here's your hat. What's your hurry?"

The stranger "beat it."
